

Identity Management Services

Threats are Everywhere. Your Solution is Here.

Every day headlines reveal new threats to your identity, while traditional risks persist

Not long ago, dumpster divers and lost wallets were your biggest identity theft worries. That's not the case anymore. As our lives have gone digital, so have the scammers—with email hacking, social media smears, phishing attacks and data breaches. Plus, they have more devices to exploit, like tablets and smartphones.

Why? To commit identity theft crimes and other types of fraud in your good name

Identity management service¹ from Mercury Insurance keeps pace with emerging identity threats, thanks to CyberScout, America's premier provider of identity services.

More than 12 million people experience identity theft annually with an average loss per victim of \$2,294. On average consumers spend \$400 in out of pocket expenses and spend more than 11 hours of time trying to resolve the case².

Mercury Insurance understands your identity is your most valuable asset—that's why we're proud to provide you and your family members³ with identity protection services—for less than \$3 per month. If you ever find yourself faced with identity theft worries, you and your family can get help from a dedicated CyberScout fraud specialist who will advise you, place fraud alerts, call creditors, and stick with you for as long as it takes to restore your credit, reputation and peace of mind.

We are pleased to offer the following services:

- Proactive education and preventive measures, including online resources, to help avoid identity theft and protect your good name.
- Protect your entire family's identities providing your household peace of mind.
- Document replacement assistance for lost, stolen or destroyed documents and identification, and help notifying government agencies and providers.
- Unlimited, 24/7 access to a fraud specialist providing proactive and complete consumer education, advocacy, and if fraud prevails, assistance through full resolution on your case.
